Personal Data Processing
This page describes how the site is managed with reference to the processing of personal data of users who interact with the web services on this Knorr-Bremse SAC site. S.p.A. The disclosure is provided for this website only and not for other websites that may be consulted by the user through links.
Pursuant to article 13 of EU Reg. 2016/679 (GDPR), the writer, as Data Controller, hereby informs you that the personal data acquired will be processed in compliance with the rights of fundamental freedoms, as well as the dignity of the data subject, with particular reference to confidentiality and personal identity and the right to the protection of personal data.

Therefore, pursuant to article 13 of the aforementioned regulation, we hereby provide you with the following information:

Browsing data
The IT systems and software procedures for operation of this website acquire, during normal operation, some personal data the transmission of which is implicit in the use of Internet communication protocols. This is information that is not collected to be associated with identified parties concerned, but that by its very nature could, through processing and association with data held by third parties, allow identifying users.
This category of data includes IP addresses or domain names of computers used by users that connect to the website, URI (Uniform Resource Identifier) addresses of the resources requested, the time of the request, the method used to submit the request to the server, the size of the file obtained in response, the numerical code indicating the status of the response from the server (successful, error, etc.) and other parameters regarding the operating system and the user's IT environment.
This data is only used to obtain anonymous statistical information regarding use of the website and to verify its correct operation and is deleted immediately after processing. I

The data may be used to ascertain liability in the event of hypothetical computer crimes against the website.

Data provided voluntarily by the user

The optional, explicit and voluntary sending of e-mail to the addresses indicated on this website involves the subsequent acquisition of the sender's address required to reply to information requests, and any other personal data included in the message.

The relevant detailed information can be consulted on the pages of the site where specific collections of personal data are provided.

Personal data will be processed exclusively for purposes connected and/or instrumental to the consultation of the site, therefore excluding any other different use. The processing of information concerning you will be based on principles of correctness, lawfulness, transparency and protection of confidentiality and may be processed and stored both with IT tools and in paper form for the time strictly necessary to achieve the purposes for which it was collected.

Specific security measures are observed to prevent data loss, illicit or incorrect use and unauthorized access.

The possible provision of data is optional. However, the refusal to provide personal data relevant to the purpose of the collection will not make it possible to obtain what is requested.

The processing related to the web services of this site takes place at the headquarters of Knorr-Bremse S.A.C. S.p.A. and is handled by our data processors and hosting providers.

In any case, your personal data will not be disclosed without specific consent.

Use of cookies

The website of Knorr-Bremse S.A.C. S.p.A. does not use cookies to send personal information nor persistent cookies of any kind, or systems for tracking users.

The use of session cookies (which are not permanently stored on the user's computer and disappear when the browser is closed) is strictly limited to the transmission of session identifiers necessary to enable secure and efficient website navigation.

Session cookies used on this site avoid the use of other IT techniques that could potentially affect the confidentiality of users' navigation and do not allow the acquisition of personal identification data of the user.
